To whom it may concern,

I have collaborated with Jackie Schaffer since October of 2015 when our hospitalist groups aligned and initiated a hospitalist service line within Lee Memorial Health System. As the System director for Lee Memorial's hospitalist program, it was Jackie's role to develop the LPG Hospitalist program, and to provide support and guidance to the other two hospitalist groups contracted with the service line.

In the period of time that I have known Jackie Schaffer, she has presented exceptional leadership skills. Jackie is a very kind and compassionate individual. She is also very organized and focused on quality. Without Jackie, the hospitalist service line would not have made the progress we've accomplished over the past 6 months.

I strongly believe that Jackie is an asset to any organization and would highly recommend her for any management or leadership role. I have thoroughly enjoyed working with her and she will be missed.

Please feel free to contact me at 239-691-9125.

Sincerely,

Brittany Boaz
